

N.E.W. Fund Impact Report

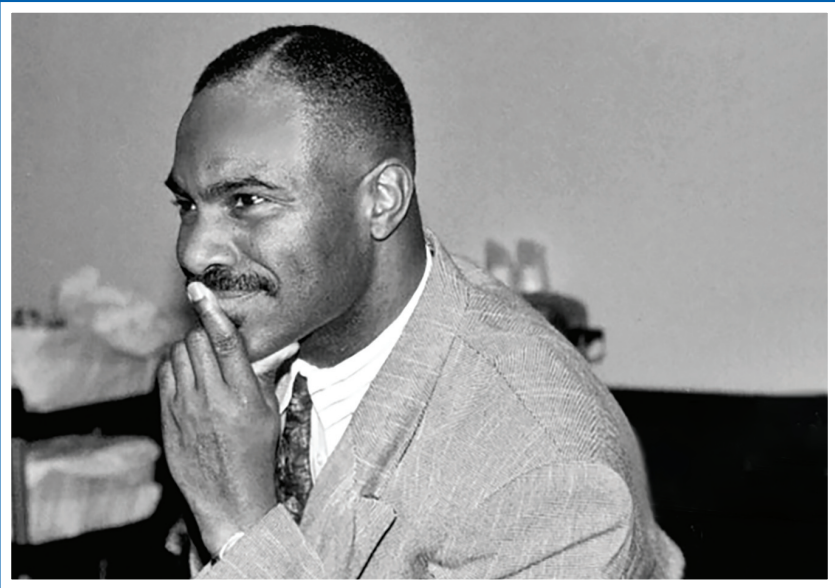

The Neighborhoods Energized to Win (N.E.W.) Fund is an annual competitive program that provides grants, leadership development and technical assistance to low and moderate-income neighborhoods in Charleston and Colleton counties. The N.E.W. Fund was established in 1991 with a matching grant from the Charles Stewart Mott Foundation. The fund was designed to build civic pride while also increasing neighbors’ involvement in community development. Since its inception, the fund has awarded over 1.2 million to grassroots and 501(c)3 nonprofit neighborhood organizations serving Charleston and/or Colleton counties. This could not have been possible without the 194 donors who have collectively given over 1.4 million dollars to the N.E.W. Fund.

Fun in the Sun

Mount Horr Village Summer Camp (MHVSC) is a local nonprofit organization that has benefitted from the N.E.W. Fund. MHVSC provides a haven for the youth in the Hollywood and surrounding areas during the summer months. Campers enjoy a wide range of activities from instructional sessions and crafts to weekly field trips exploring the Lowcountry. MHVSC’s Executive

Director Reverend Dr. Myra D. Meggett wishes to express her gratitude to the N.E.W. Fund donors. “It is through your gift that we are able to serve the youth and their families,” said Rev. Dr. Meggett.

More than 30 years of fostering stronger neighborhoods

Mr. Bernie Mazyck, former director of the N.E.W. Fund and President and CEO of the South Carolina Association for Community Economic Development

Terry Seabrook

Donor Spotlight

Terry Seabrook, founder of the full-service real estate company The Space Company, is a former member of the N.E.W. Fund Advisory Committee and a donor to the fund. The N.E.W. Fund has opened her eyes to “just how much of an impact we as a people can have on others by helping grassroots

organizations achieve their goals,” said Terry. “The small grants we gave to those groups made a significant difference and the recipients were so genuinely grateful for the assistance. It was a very rewarding experience. The exposure had a significant impact on my life.”
