

Ambassadors of Philanthropy

October 20, 2026
Charleston Music Hall

Join philanthropists, nonprofit and community leaders for a special night featuring Harvard Professor, MacArthur Genius, and Director of Harvard's Opportunity Insights Dr. Raj Chetty. In keynotes that audiences describe as “life-changing,” Raj will share customized, concrete solutions that can spark tangible change for generations to come. We will also reflect on our 2026 achievements, look ahead at new initiatives, and present the 2026 Malcolm D. Haven Award for Selfless Community Giving.
